***Reason for Allowance***

The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest the combination of elements and features as claimed, which includes a protection switching method for a passive optical network (PON) system including: detecting a communication abnormality in at least one active-system virtual path established between an optical line terminal and a subscriber terminal through a transmission path and a network unit; and upon detection of a communication abnormality in the active-system virtual path, switching *only the transmission paths to establish a standby-system virtual path between the optical line terminal and the subscriber terminal serving as a communication partner, without affecting communication through other active virtual paths in the PON system*, as in claims 1 and 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Saba Tsegaye whose telephone number is (571) 272-3091. The examiner can normally be reached on Monday-Friday (7:30-5:00), First Friday off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hassan Kizou can be reached on (571) 272-3088. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
